

Pre-Admit Appointment (806.350.7388):

*Date: _____ *Time: _____

**If your pre-admit appointment is missed, your surgery will be rescheduled.*

Plan to spend about 30 minutes at this appointment. Dress in loose clothing to make it easier to draw blood and get an EKG if it is ordered by your doctor.

Before your appointment, please fill out your medication list and surgical history on pages **6-7** and bring the guide with you to your pre-admission appointment. If you do not require a pre-admission appointment, bring the completed guide with you on the day of your surgery.

Disclosure of Ownership

In accordance with Federal ASC Regulations (42 C.F.R. 416.50(a)(ii)), the following ownership disclosure is made in advance of the date of the procedure:

AUA Surgical Center LLC is a physician owned facility. AUA Surgical Center is owned and operated by the physician group at Amarillo Urology and Associates. Any services that you receive at this location are part of the operations of AUA Surgical Center LLC. This notice is to inform you that your physician is or may be part of this group. A list of specific provider/owners will be provided at your request.

Patient's Bill of Rights and Responsibilities

You have the right:

- A Patient has the right to respectful care given by competent personnel.
- A Patient has the right, upon request, to be given the name of his/her attending practitioners, the names of all other practitioners directly participating in his care, and the names and functions of other health care persons having direct contact with the patient.
- A Patient has the right to consideration of privacy concerning his own medical care program. Case discussion, consultation, examination, treatment, and medical records are considered confidential and shall be handled discreetly.
- A Patient has the right to confidential disclosures and records of his medical care except as otherwise provided by law or third party contractual arrangement.
- A Patient or patient's representative has the right to participate and make informed decisions involving his/her health care except when such participation is contraindicated for medical reasons.
- A Patient has the right to know what AUA Surgical Center LLC rules and regulations apply to his conduct as a patient.
- The Patient has the right to expect emergency procedures to be implemented without unnecessary delay.
- The Patient has the right to good quality care and high professional standards that are continually maintained and reviewed.
- The Patient has the right to full information, in layman's terms, concerning diagnosis, evaluation, treatment and prognosis, including information about alternative treatments and possible complications. When it is not medically advisable to give the information to the patient, the information shall be given on his behalf to the person designated by the patient or to a legally authorized person.
- Except for emergencies, the practitioner shall obtain the necessary informed consent prior to the start of a procedure.
- If the patient is unable to give consent, a legally authorized person has the right to be advised when a practitioner is considering the patient as a part of a medical care research program or donor program. The patient or responsible person shall give informed consent prior to participation in the program. The patient or responsible person may refuse to continue in the program to which he has previously given informed consent.
- A Patient has the right to refuse drugs or procedures, to the extent permitted by status. A practitioner shall inform the patient of the medical consequences of the patient's refusal of drugs or procedures.
- A Patient has the right to medical and nursing services without discrimination based upon age, race, color, religion, sex, national origin, handicap, disability, or source of payment.
- The Patient who does not speak English shall have access, where possible, to an interpreter.
- AUA Surgical Center LLC shall provide the patient, or patient designees, upon request, access to the information contained in his medical records, unless the attending practitioner for medical reasons specifically restricts access.
- The Patient has the right to expect good management techniques to be implemented within the AUA Surgical Center LLC. These techniques shall make effective use of time for the patient and avoid personal discomfort of the patient.

- When an emergency occurs and a patient is transferred to another facility, the responsible person shall be notified. The institution to which the patient is to be transferred shall be notified prior to the patient's transfer.
- The Patient has the right to examine and receive a detailed explanation of his bill.
- A Patient has the right to expect that AUA Surgical Center LLC will provide information for continuing health care requirements following discharge and the means for meeting them.
- The Patient is informed of his/her right to change primary or specialty physician, if another qualified physician is available.
- The Patient is provided with appropriate information regarding the absence of malpractice insurance coverage.
- A Patient has the right to be informed of his rights at the time of admission.
- The patient has the right to file a grievance with the facility, the state or the medical board if they wish to, regarding treatment or care that (fails to be) or is furnished. Information is posted and is available upon request.
- The patient has the right to be free from any act of discrimination or reprisal.
- The patient is given information on after hours and emergency care.
- Advance directives will not be honored at AUA Surgical Center LLC. Documentation of an Advance directive or execution thereof will be noted in the patients chart or current medical record if provided.

Advance Directives

Because the scope of care this facility is limited to elective outpatient surgical procedures, regardless of any advance directives set forth in a living will, health care power of attorney or other written statement, any unexpected medical emergency will be managed with resuscitative or other stabilizing measures followed by a transfer to a hospital's emergency department. If you have an executed advance directive please bring a copy with you at the time of your appointment so we can place such in your medical record. If you need assistance obtaining an advance directive please contact our surgery center at: 806-350-7388.
